#### **EXECUTIVE SUMMARY**

and discretionary policies the PHA has included in the Annual Plan.

The Housing Authority of the City of Kenosha has prepared this Agency Plan in compliance with Section 511 of the Quality Housing and Work Responsibility Act of 1998 and the ensuing HUD requirements.

We have adopted the following mission statement to guide the activities of the Kenosha Housing Authority.

The mission of the Housing Authority of the City of Kenosha is to assist very low-income families with safe, decent, and affordable housing opportunities as they strive to achieve self-sufficiency and improve the quality of their lives. The Housing Authority is committed to operating in an efficient, ethical, and professional manner. The Housing Authority will create and maintain partnerships with clients and appropriate community agencies in order to accomplish this mission.

We have also adopted the following goals and objectives for the next five years.

# MANAGEMENT ISSUES TENANT-BASED HOUSING ISSUES

#### Goals

- 1. Manage the Kenosha Housing Authority's tenant-based housing assistance program in an efficient and effective manner thereby qualifying as at least a standard performer under the HUD Section 8 Management Assessment Program (SEMAP).
- 2. Expand the range and quality of housing choices available to participants in the Kenosha Housing Authority's tenant-based assistance program.

#### **Objectives**

- 1. The Kenosha Housing Authority shall achieve and sustain a utilization rate of 98% by December 31, 2004, in its tenant-based program.
- 2. The Kenosha Housing Authority shall establish a program to help people use its tenant-based program to become homeowners by December 31, 2001.
- 3. The Kenosha Housing Authority shall implement an outreach program to attract 50 new landlords who want to participate in the program by December 31, 2001.
- 4. The Kenosha Housing Authority shall reduce the concentration of its voucher holders by having 60% of them living in other than low-income areas by December 31, 2004 (Low income areas are defined as census tracts having poverty rates of 20 percent or more). NOTE: Since the intent of the Section 8 Voucher Choice Program is to allow participants the choice of where they wish to live, the Housing Authority's ability to achieve this goal may be somewhat limited).
- 5. The Kenosha Housing Authority shall reduce the amount of time it takes to inspect a new unit to 7 days by December 31, 2001.
- 6. The Kenosha Housing Authority will develop and propose a management reorganization plan for the Section 8 Program.
- 7. The Kenosha Housing Authority shall become a more customer-oriented organization.
- 8. To consolidate the Section 8 Certificate and Voucher Programs under one new program: The Housing Voucher Choice Program. (The 1998 housing bill merges these

programs, providing for a uniform tenant based program. Although federally mandated, we have included it as one of our main objectives because of its overall significance).

EXPANSION OF AFFORDABLE HOUSING STOCK ISSUES

Goals

1. Assist our community to increase the availability of affordable, suitable housing for

families in the very-low income range, cited as a need in our Consolidated Plan.

**Objectives** 

1. The KHA shall develop and approve a policy for accepting applications and processing

requests to issue Mortgage Revenue Bonds for affordable housing development

2. The Kenosha Housing Authority will act as the issuer of Housing Revenue Bonds for

the development of affordable housing for low income families.

3. Locate at least two partners, non-profit or for-profit, locally or nationally-based. These

partners will work with us on the acquisition, improvement and/or development of

additional housing opportunities for this target group.

**EQUAL OPPORTUNITY ISSUES** 

Goals

1. Use the tenant-based assistance program to expand housing opportunities beyond

areas of traditional low-income and minority concentration.

2. Operate the Kenosha Housing Authority in full compliance with all Equal Opportunity

laws and regulations.

3. The Kenosha Housing Authority shall ensure equal treatment of all applicants,

residents, tenant-based participants, employees, and vendors.

FISCAL RESPONSIBILITY ISSUES

Goals

1. Ensure full compliance with all applicable standards and regulations including

government generally accepted accounting practices.

OMB Approval No: 2577-0226 Expires: 03/31/2002 **Objectives** 

1. The Kenosha Housing Authority shall operate so that income exceeds expenses every

year.

2. The Kenosha Housing Authority shall implement an effective anti-fraud program by

December 31, 2000.

3. The Kenosha Housing Authority shall maintain its operating reserves of at least

\$300,000 between now and December 31, 2004.

4. The Kenosha Housing Authority shall maintain its current level of operating costs (not

including negotiated salary/benefit cost increases) for three years despite inflation.

**PUBLIC IMAGE ISSUES** 

Goals

1. Enhance the image of assisted housing in our community.

**Objectives** 

1. The Kenosha Housing Authority's leadership shall speak to at least 4 civic, religious, or fraternal groups, nonprofit associations and landlord groups a year between now and

December 31, 2004, to explain how important they are to the community.

2. The Kenosha Housing Authority shall ensure that there are at least 3 positive stories a

year in the local media about the Housing Authority or one of its residents.

3. The Kenosha Housing Authority will continue to publish and distribute its "Owner"

**News**" newsletter on a quarterly basis to all participating landlords and landlord groups.

SUPPORTIVE SERVICE ISSUES

Goals

1. Improve economic opportunity (self-sufficiency) for the families and individuals who

participate in the KHA's Section 8 Rent Assistance and Family Self Sufficiency

Programs.

**Objectives** 

1. The Kenosha Housing Authority will implement 10 new partnerships in order to

enhance services to our residents by December 31, 2004.

Our Annual Plan is based on the premise that if we accomplish our goals and objectives we will be working towards the achievement of our mission.

The plans, statements, budget summary, policies, etc. set forth in the Annual Plan all lead towards the accomplishment of our goals and objectives. Taken as a whole, they outline a comprehensive approach towards our goals and objectives and are consistent with the

Consolidated Plan. Here are just a few highlights of our Annual Plan:

- 1. We have adopted local preferences for applicants who are local residents of Kenosha County and for disabled local residents, and victims of domestic violence.
- 2. We have adopted and implemented an aggressive criminal screening policy and procedure for Section 8 Program applicants to ensure to the best of our ability that new admissions will be good neighbors. While we are screening program applicants to our best ability, the ultimate responsibility for screening tenants will still remain the responsibility of participating landlords. Our screening practices will meet all fair housing requirements.
- 3. The Housing Authority will devise plans to achieve deconcentration goals.
- 4. Applicants will be selected from the waiting list by preference and in order of the date and time they applied. (Previously, the KHA had been using a lottery system to select eligible applicants from the waiting list according to their preference status)
- 5. The KHA will review establishing a minimum rent (Total Tenant Payment) of \$0. (Currently, the KHA has an established minimum rent (TTP) of \$50.00.
- 6. In attempt to encourage work and employment advancement, we are no longer requiring interim reporting of income increases, which would require an increase in the tenant's share of the rent. Income increases need only be reported at the next regular annual recertification.
- 7. We will be utilizing the published Fair Market Rents (FMR's) as our payment standard for the Section 8 Program. We will also review and institute exception rents of up to 110% of the FMR limits in higher rent census tracts. Finally, we will seek approval to use up to 120% of the FMR limits in the highest rent areas, if needed.

In summary, we are on course to improve the condition and availability of affordable housing in Kenosha.

## 1. Statement of Housing Needs

[24 CFR Part 903.7 9 (a)]

#### A. Housing Needs of Families in the Jurisdiction/s Served by the PHA

Based upon the information contained in the Consolidated Plan/s applicable to the jurisdiction, and/or other data available to the PHA, provide a statement of the housing needs in the jurisdiction by completing the following table. In the "Overall" Needs column, provide the estimated number of renter

families that have housing needs. For the remaining characteristics, rate the impact of that factor on the housing needs for each family type, from 1 to 5, with 1 being "no impact" and 5 being "severe impact." Use N/A to indicate that no information is available upon which the PHA can make this assessment.

## (2) Reasons for Selecting Strategies

Of the factors listed below, select all that influenced the PHA's selection of the strategies it will pursue:

$\boxtimes$	Funding constraints
	Staffing constraints
	Limited availability of sites for assisted housing
	Extent to which particular housing needs are met by other organizations in the community
$\boxtimes$	Evidence of housing needs as demonstrated in the Consolidated Plan and other information available to the PHA
	Influence of the housing market on PHA programs
	Community priorities regarding housing assistance
	Results of consultation with local or state government
	Results of consultation with residents and the Resident Advisory Board
	Results of consultation with advocacy groups
$\boxtimes$	Other: (list below) <b>NOTE:</b> We are required to state how we intend to address
the com	munity's housing needs to the maximum extent practical. While we wish we could
meet the	e needs that exist in Kenosha, we are not optimistic about totally achieving this
objectiv	re. Realistically, the Kenosha Housing Authority cannot meet the housing needs of all
•	and very-low income households in the City. The problem is that we lack the
	es to address all the local housing needs. Neither the Kenosha Housing Authority nor
	•
	eral Government has the resources necessary to accomplish this objective. Primarily,
the Ken	osha Housing Authority is funded to operate Section 8 Tenant Based Rent
Assista	nce Programs. Consequently our first priority is to assure that these programs are well
run, wh	ich we define as achieving a score of at least 90 for the Section 8 Management
Assessr	ment Program (SEMAP).

## 2. Statement of Financial Resources

[24 CFR Part 903.7 9 (b)]

List the financial resources that are anticipated to be available to the PHA for the support of Federal public housing and tenant-based Section 8 assistance programs administered by the PHA during the Plan year. #### **B. Section 8 Tenant-Based Assistance**

Exemptions: PHAs that do not administer Section 8 tenant-based assistance are not required to complete sub-component 4B. Unless otherwise specified, all questions in this section apply only to the tenant-based section 8 assistance program (vouchers, and until completely merged into the voucher program, certificates).

### (1) Payment Standards

Describe the voucher payment standards and policies.

The City of Kenosha Housing Authority is a Section 8 only PHA. We operate a tenant based Section 8 Program. Under this type of program the participants maintain their Section 8 assistance if they chose to move to a new unit. We have decided to set the following rent policies for the Section 8 Program:

- 1. We are retaining the calculation of the participant's contribution at the greatest of 30% of adjusted income or 10% of monthly income.
- 2. The maximum subsidy under the Housing Choice Voucher Program is the lower of:
  - a. Payment Standard minus Total Tenant Payment (TTP = 30% of monthly adjusted income)
  - b. Gross Rent minus Total Tenant Payment
- 3. <u>Any new admissions</u> or any family who <u>moves</u> **may not pay more than 40%** of adjusted monthly income toward the initial rent for the unit. This limit applies only at the time of <u>initial leasing</u> of a unit, not after.
- 4. We are not adding any income exclusions to the statutory ones in the calculation of adjusted income because we cannot afford to do so at a time when the Federal government is under-funding housing opportunities.
- 5. As an incentive to help our Section 8 participants increase their income, we are not requiring that they report any increases in their income until their next regular scheduled re-certification. (Policy approved by KHA Board of Commissioners 7/6/99).
- 6. We have determined to use the HUD published Fair Market Rents (FMR's) as our payment standard. We may also institute exception rents up to 110% of the FMR for

higher rent census tracts which may allow for families to move to areas of lower poverty. We anticipate re-examining this issue for next year's Agency Plan when the future course of the program is clearer.

7. We have a current minimum rent (TTP) of \$50.00. All participant households affected by the \$50.00 minimum rent may apply for an exemption from the minimum rent based on financial hardship. The hardship exemption criteria are outlined in the KHA's Administrative Plan for the Section 8 Program in Chapter 6. *The KHA will also be reviewing this policy to determine if a \$0 minimum rent should be established.* 

a. Wha	at is the PHA's payment standard? (select the category that best describes your
standa	rd)

November 3, 1999 KHA Board/Resident Advisory Board Meeting

### Comments

Advisory Board Member Evelyn Griffith Olson commented that she thought that the strategic goal of reducing the concentration of its voucher holders by having 60% of them living in other than low-income areas by December 31, 2004 was a very good idea.

Evelyn Griffith Olson commented that assisting families at or below 30% of median income would help the people who are receiving Social Security and/or SSI as their only income.

Evelyn Griffith Olson also thought that informing Section 8 tenants of units outside of poverty areas and assisting them to locate those units was a positive goal.

Evelyn Griffith Olson commented that the first come, first served policy for the waiting List was fairer than the lottery system.

Evelyn Griffith Olson suggested that victims of hate crimes should be put on a preference category on the Waiting List. Advisory Board Member, Treasa Fisel agreed.

Treasa Fisel commented that victims of natural disaster should be put a preference list also. Mark McCarthy stated that there are other agencies, such as the Red Cross, that assist victims of natural disasters.

Advisory Board Member, Tammy Strange asked how long she should keep her rent receipts. Chairman McDonough suggested that tenants should keep all of their rent receipts in case there is a problem in the future.

Evelyn Griffith Olson stated that her landlord hasn't given her a rent receipt for 8 months.

Treasa Fisel stated that when a tenant pays the rent, he/she should demand a rent receipt.

Evelyn Griffith Olson commented that SS and SSI checks only increase a small amount, therefore, the \$50.00 minimum rent requirement should be discontinued.

Mark McCarthy stated that discontinuing the \$50.00 minimum rent requirement would be brought to the KHA Board for consideration.

Chairman Ann McDonough stated that the Board would review the HUD requirements and the number of families affected by the minimum rent policy.

KHA Board/Resident Advisory Board Meeting
Comments

Treasa Fisel stated that an annual rent increase of \$20 or more per year could be a hardship on the tenant.

Treasa Fisel asked if the KHA has a drug treatment program available. She suggested that there should be some type of rehab treatment offered.

Mark McCarthy stated that the KHA would consider if someone is undergoing drug treatment before being terminated from the program.

Mark McCarthy stated that one Resident Advisory Board member could possibly serve on the KHA Board. Some of the Resident Advisory Board members showed interest.

Mr. McCarthy stated that the KHA Agency Plan as drafted, states that the Advisory Board may nominate and elect a member to serve on the KHA Board. He stated that it is up to the Advisory Board members to decide whether or not they want an election.

Richard Marchand, Equal Access for Affordable Housing, asked if the KHA was getting involved with the \$125 million in Federal funds for homeownership for disabled families which would be administered through the Section 8 Program.

Chairman McDonough asked Mr. Marchand to make copies of the information he has regarding the funding and bring it to Mr. McCarthy.

### As Received from Resident Advisory Board Member Treasa Fisel

Re: Community Service and Self-Sufficiency

Why is there such low percentage of total recipient in FSS program? The FSS program is to me a very enticing incentive and I don't understand the low percentage of participants.

I am very happy that the homeless are included in the HCRI. (Housing Cost Reduction Initiative). I have always been concerned about the homeless and the roadblocks they face in attempting to pull up and out of their situations.

Re: Page 9, Statement of Housing Needs

I feel your housing needs for the elderly stating 450 families is very underestimated. Because of pride, no knowledge of assistance programs, or not understanding what is available to them.

I personally have observed these situations at Glenwood Crossings apartments, which is a "senior independent living" apartment complex. Some don't have enough food or for that matter – not enough of everything. You need to publish more information at this target group also.

Re: Page 9, Families with Disabilities

Your housing needs are more accurate but accessibility should be a 5.

If you are a quadriplegic or paraplegic and you drive, the option of renting with heated underground parking is non-existent. My brother is quadriplegic and drives.

Re: Page 10, Sources of Information

Don't you think the 1990 U.S. Census data is kind of useless.? I mean like- this is 1999 and prices, population, and immigration have changed drastically.

Re: Page 13 Need: Specific Family Types. Type: Elderly

Have there been special purpose vouchers targeted to the elderly before?

Do you have any reason to believe they will become available soon?

Re: Page 14, Strategy 1

Are you going to increase awareness of PHA resources to all PHA recipients? Especially the elderly and handicapped.

Re: Page 17, Eligibility

I feel your screening of criminal or drug-related activity is lacking.

You should implement a plan for periodic urine testing of <u>all</u> PHA recipients. We all know the use of drugs leads to criminal activity.

You should also consider a plan for drug rehabilitation of PHA recipients as an incentive for Self Sufficiency.

Why aren't you requesting criminal records from State law enforcement agencies and the FBI?

Re: Page 19, Preferences

I feel you should add to your preferences the homeless and involuntary displacement due to disaster and rate them also as a 1. These people have no place to go on an immediate need.

Re: Page 21, Announcement of Availability – Special Purpose Programs

Also send notices to other agencies working with PHA. All agencies concerned with <u>well being</u> of people. Example: Societies Assets. Submit suggestion of University of Wisconsin student.

Re: Page 22, PHA Payment Standard

If a recipient's rent goes up (by landlord) every year by as much as \$20 or higher, how does PHA handle that situation when reevaluating annually?

The elderly get their Social Security mini raises each year and always end up with less money after rent increases.

Re: Page 26, Homeownership

When you state "eligible homebuyers", what methods define eligible? J:\AC\Plans for Conversion\WI195b01.doc

With a \$2,500 downpayment, what total market price range of a home are you looking at?

The Kenosha News stated Tuesday, November 2, the average Kenosha home cost \$93,700. What would mortgage payments be with \$2,500 down? (estimate) Would there be any assistance available for periodic troubled M.P.? Example: sickness or loss of job.

What income is necessary for <u>total</u> expenses of homeownership? Has anyone considered the possibilities of a "rent to own" program?

When do you expect to start issuing Mortgage Revenue Bonds?

Re: Five Year Plan Page 5

What are your Housing Quality Standards?

Slum landlords should be fined for slow response time or no response to tenants.

I think that a program should be created to eliminate all slum landlords on a Federal level.

The poor and ethnic populations are sometimes forced into renting from them. I feel this is a crime against humanity.

### Response to Comments Received From resident Advisory Board Members November 3, 1999 Public Hearing on KHA Annual and Five Year Plan

 Comment: Evelyn Griffith Olson commented that victims of hate crimes should be put on a preference category on the KHA waiting list and Treasa Fisel agreed.

Response: The KHA Board will consider this suggestion when reviewing the next update of the KHA Section 8 Administrative Plan (Waiting List Preferences).

2. Comment: Treasa Fisel commented that victims of natural disasters should also receive a preference on the waiting list.

Response: The KHA Board will consider this suggestion when reviewing the next update of the KHA Section 8 Administrative Plan (Waiting List Preferences).

3. Evelyn Griffith Olson commented that SS and SSI checks only increase by a small amount each year, therefore, the \$50.00 minimum rent requirement should be discontinued.

Response: The KHA Director will be recommending to the board that the \$50.00 minimum rent (TTP) be eliminated. Chairman Ann McDonough stated that the board would review the HUD requirements and the number of families affected by the minimum rent policy.

4. Comment: Treasa Fisel asked if a drug treatment program was available to KHA program participants. She suggested that there be some type of rehab treatment offered.

Response: The KHA may make a referral for drug treatment for someone who is facing termination from the Section 8 Program due to involvement in drug related criminal activity. Currently, our policy is the same as HUD's policy on drug related criminal activity: We have a Zero Tolerance Policy.

5. Comment: Treasa Fisel asked why there is such a low percentage of total participants in the FSS. Program.

Response: The FSS Program is a voluntary program for current Section 8 Program participants. Participants must agree to become fully self sufficient (free from all public assistance, including Section 8 assistance within 5 years from agreeing to a Contract of Participation in the FSS Program. Many families are unwilling to "risk" giving up their assistance and entering into the FSS Program with a 5 year time limit (with possible 2 year extension) The KHA makes efforts to market and recruit participants on an ongoing basis.

6. Comment: Treasa Fisel commented that the needs for elderly stating 450 families seems very underestimated.

Response: These numbers are based on the 1990 US Census data and a Senior Housing Market Analysis completed for the Lou DeMarco Village Phase III Project. It is true that the elderly population will continue to grow, as will the housing needs of the elderly. Right now, these are the best number that are available to us. The needs analysis will be updated annually and we will have much better data when the Year 2000 US Census data is available.

7. Comment: Trease Fisel commented that she has observed the condition of the elderly at new Glenwood Crossings apartment complex which is a "senior independent living" apartment complex. Some people do not have enough food or for that matter – not enough of everything. You need to publish more information as this target group also.

Response: The KHA does not manage these units, but the **Senior Action Council of Kenosha County** is part of the organization that oversees the management and services available to persons living at Glenwood Crossings.

8. Comment: Treasa Fisel commented regarding the needs of families with disabilities: Your housing needs are more accurate, but accessibility should be rated a "5".

Response: We realize that the accessibility issue is a problem in Kenosha. Richard Marchand of Equal Access for Affordable Housing has made contacts with developers regarding building more accessible units in Kenosha. The KHA may be willing to assist with such development through issuing Tax Exempt Mortgage Revenue Bonds and/or attaching Section 8 Vouchers to such a development.

9. Comment: Teresa Fisel asks if there have been special purpose vouchers targeted to the elderly.

Response: HUD has made allocations of Section 8 funding targeted to the elderly. The KHA has chosen to pursue funding for the disabled and families with children the last few years. If HUD makes future allocations for the elderly, the KHA will have to consider whether we will pursue funding. For the year 2000 we have received a large allocation of Vouchers for the Welfare-to-Work Program and implementing this program will be our focus for the next 12 months.

10. Comment: Fisel asks, "are you going to increase awareness of PHA resources to all PHA recipients, especially the elderly and handicapped?

Response: Our goal is to increase awareness of all KHA Programs to all eligible persons.

11. Comment: Teresa Fisel commented that our screening of criminal or drug-related activity is lacking. You should implement a plan for periodic urine screening of all PHA recipients.

Response: The KHA does screening according to HUD regulations for drug related and violent criminal activity by obtaining police reports on all new families before they enter the Section 8 Program. We look at the record going back three previous years. If an arrest or conviction is shown on the record, we obtain the police arrest reports, court records regarding any conviction.

We also request police record checks for current program participants based on landlord or the published newspaper court reports.

Since we do not run a conventional public housing program, we do not have access to the FBI or national crime database. We could do more extensive checking y contracting with a private tenant-screening firm, but the cost is prohibitive. Therefore, the KHA has elected to use in-house staff to obtain the police record checks from the Kenosha Police Department. The Police Department does charge the KHA for running reports and for providing arrest reports.

The kHA will investigate obtaining state criminal records for persons who transfer from another community in Wisconsin. For out of state transfers we may ask the initial PHA to provide a Police Record check.

As far as implementing a periodic urine testing program, the KHA dose not have the legal authority or the funding to institute such a program.

12. Comment: Teresa Fisel commented that we should add preferences for homeless and involuntary displacement due to natural disaster and rate them as a "1" like all other preferences.

Response: The KHA Board will consider this suggestion when reviewing the next update of the KHA Section 8 Administrative Plan (Waiting List Preferences).

13. Comment: Teresa Fisel commented that notices should be sent to other agencies working with the KHA.

Response: The KHA sends notices to approximately local agencies when we open our waiting list or when we have a special allocation of vouchers. These same agencies were notified of the KHA Annual Plan and Five Year Plan process and were invited to attend the public hearing or review and comment on the plan.

14. Comment: Teresa Fisel asked if a recipient's rent goes up by \$20 or more every year, how does the PHA handle that situation when reevaluating annually?

Response: Landlords may request a rent increase annually, but the contract rent for the unit must be reasonable in relation to the area or neighborhood market otherwise the KHA may reject or decrease the rent increase requested by the owner.

15. Comment: Teresa Fisel asked regarding the Homeownership Section of the Plan, what defines "eligible Homebuyers"?

Response: The KHA has not begun designing a homeownership program for the Section 8 Program. We will begin to do so in 2000 when HUD issues final regulations on the Homeownership Program. Right now a definition of "eligible homebuyer" would be someone who is able to obtain a mortgage either through a local lender or some other program such as WHEDA or NHS, using their Section 8 assistance as part of their application to show they are able to repay

the mortgage. Also, "eligible homebuyers" would be required to attend and complete a certified homebuyer education program.

16. Comment: Teresa Fisel asked, with a total downpayment of \$2,500 what total market price range of homes are you looking at?

Response: The price range of homes available under the program may have some set limits, but the price range would most likely be established by the amount of mortgage the potential homebuyer could afford to borrow.

17. Comment: Teresa Fisel asked other questions regarding the homeownership program: 1) What income is necessary for total expenses of homeownership? 2) Has anyone considered the possibilities of a "rent to own" program?

Response: The monthly cost of homeownership of course varies on how much the home costs and how much the buyer has to borrow, the term of the loan and interest rate, plus the costs for taxes, insurance, mortgage insurance, maintenance and utilities. Typically, a debt ratio of 25% of gross monthly income to monthly expense for principal, interest, taxes and insurance (PITI) is used for mortgage underwriting standards. A total debt ratio of 38% of total monthly income to total debt is also considered.

18. Comment: Teresa Fisel asked when the KHA expects to issue mortgage revenue bonds.

Response: The KHA is currently working on a bond issue for the Phase III development at Lou DeMarco Village – Villa Cierra Apartments. It is expected that this project will be up for final approval this year with construction beginning early in 2000. Other future mortgage revenue bond issues may be forthcoming for similar multi-family projects in 20000.

19. Comment: Teresa Fisel asked what are our Housing Quality Standards?

Response: Housing Quality Standards or HQS are the inspection standards established by HUD that all Section 8 assisted units must meet on an initial basis at each subsequent annual inspection. All KHA inspections of Section 8 assisted units are done using the HUD HQS guidelines. A copy of the standards may be obtained at the KHA office.

- 20. Comment: Teresa Fisel had several comments regarding "slum landlords":
  - 1) Slum landlords should be fined for slow response time or no response to tenants.
  - 2) I think a program should be created to eliminate all slum landlords on a federal level.
  - 3) The poor and ethnic populations are sometimes forced into renting from slum landlords.

Response: The City of Kenosha Department of Inspections and Neighborhood Services enforces the local minimum housing code and they do have the power to fine landlords for not complying with housing inspection repair orders. The KHA does not have the power to fine landlords for noncompliance, but we may discontinue rent assistance payments and terminate the HAP contract for noncompliance issues and in certain cases referrals are made to the City Inspection Division for follow up.
